RHODE ISLAND PUBLIC TRANSIT AUTHORITY

265 Melrose Street
Providence, RI 02907

Request for Proposal Number 04-04 TECHNICAL SPECIFICATIONS/SCOPE OF WORK

H. Task 8: Implementation Plan

Based on information from the above tasks, prepare a strategic water transportation plan for implementation in the immediate term (2000-2001), short term (three to five years), and long term (twenty years). This plan shall provide a guide for RIPTA decision-makers in funding components of water transportation service. Identified projects shall be prioritized for implementation.

The implementation plan shall focus on known projects such as I-195 bridge relocation in Providence and shall pull externalities into the mix in addressing long term market opportunities.

The implementation plan shall reflect the following:

1. Ridership
2. Identification of potential ferry landings; site opportunities and constraints
3. Costs to develop landside, waterside improvements
4. Operation and maintenance costs
5. Vessel costs
6. Vessel maintenance

Next steps shall be identified for implementing water transportation improvements.

I. Task 9: As-Needed Water Transportation Services

The consultant shall provide additional water transportation consulting services as required on an on-call basis.

Bidders are asked to submit hourly billing rates for this project.

XXXIII. EVALUATION FACTORS

1. ***Experience of the Firm in water transportation planning***
2. Hourly rate
3. Responsiveness to the terms of the RFP.
